

## LEE MEYER

Vice President and General Manager,  
Naval Electronics  
Leonardo DRS

---

Mr. Meyer joined Leonardo DRS in 2008 and previously held the role of Vice President of Business Management for Naval Electronics in Burnsville Minnesota.

Prior to joining Leonardo DRS, he held various leadership positions within the defense industry. He has worked at Sperry, Unisys, Loral, and Lockheed Martin. Meyer has held executive positions in Program Management, Contracts, and Finance. Meyer earned a Bachelor of Science degree from Concordia College in St. Paul, Minnesota.

As leader of the Naval Electronics business unit, Meyer is based in Burnsville Minnesota and also oversees facilities in, Johnstown PA, Largo FL, Kanata, Ottawa, Canada, Chesapeake VA, and Washington DC. The business is a provider of industrial and naval power and control technology systems, oil and gas products, and naval and commercial heating and cooling solutions
